

Fireborn[®]
TERRACOTTA ARCHITECTURE

it's **big** and it's **beautiful**

fireborn[®] is a great innovation from Ibstock; large clay blocks available in various sizes and colours.

All products in the fireborn[®] standard and glazed ranges can be used in different combinations of size, colour and bonding patterns to create distinctive and exciting walls. Fireborn[®] co-ordinates with standard masonry units and can be used to complement alternative cladding solutions.

design with size, design with colour, design with fireborn®

Offices, Burnley, Lancashire | fireborn® Natural Red

fireborn® range | glazed

satin pastels

vibrant gloss

fireborn® range | standard

fireborn® natural blue

fireborn® natural cream

fireborn® natural red

The fireborn® standard range features natural fired clay colour tones.

requirements

For normal elevations a designation (ii) mortar mix [1:1½:4½ cement:lime:sand] will be suitable when used at a consistency appropriate for the weight of the units. For stack bonding, stainless steel ladder type, bed joint reinforcement should be used at each course.

3 sizes available from fireborn®

A range of angles and returns are available to assist in changes of direction.

Offices, Glasgow | Fireborn® Natural Blue and Glazed Black
